Who we are:

Okwuchi Valentine Uzoma, CEO and President, Valentine is a 20-year oil and gas industry veteran, first creating Valejee Resources Ltd. in 2008. In several key leadership positions, including Chief Financial Officer and Senior Vice President of Operations. Valentine led a reorganization and transformation for Valejee resulting in significant improvements in overall organizational practices. For nearly two decades, Valentine has built relationships with some of the most successful global organizations. Valentine sees and link the pieces of the big picture together across all functions to make our business grow and flourish. As CEO and President, Valentine manages and leads projects cross functionally from inception to completion. Exercising knowledge in strategizing for the most effective methods, approaches, and level of communication and engagement.

LaRhonda James-Ogar, Chief Operations Officer, LaRhonda brings more than 20 years of experience in the financial services industry. Managing corporate partnership agreements and installation of business platform systems. Managing multiple, concurrent projects in various phases of ideation, execution, or delivery. Lead processing activities between Revenue, Accounting and Customer Finance. Procurement of goods and services, strategic sourcing and cost savings, contract management, vendor performance solutions, supplier relationship management, supplier diversity planning, execution and outreach, compliance management, ongoing procurement field support and management of the procure-to-pay cycle.

Valejee Resources Limited is a consulting firm who provides engineering, procurement, construction, and project management services to our Clients.

We believe that the best of work in the future will be completed in environments that think beyond systems and where **people matter**.

Offering the rewarding experience of working with the best minds in the industry who are changing the world through cutting edge technology and applications.

Our Clients' projects are an investment in the future. Through our partnerships with them, we help make people's lives better.
